April, 2011

Advanced Fire Systems, Inc
Distributors within the California Marketplace

Advanced Fire Systems, Inc is very pleased to announce to our customers doing projects within the State of California, that on April 7, 2011 Advanced Fire Systems received California State Fire Marshal (CSFM) Listing on our complete AX Series product line.

This Listing not only includes our standard AX-CTL Series products, but also includes all of our current command centers with/without audio evacuation and fire fighter telephone system support.

We understand the importance of this Listing for our California customers, and will continually update this Listing as new products and features become available.

Thank you and good selling.

Sincerely

A handwritten signature in cursive script that reads "Leigh C. Kaiser".
