Advanced Fire Systems, Inc  
Distributors within the NYC Marketplace

Advanced Fire Systems, Inc is very pleased to announce to our customers doing projects within the New York City marketplace, that on March 11, 2011 Advanced Fire Systems received New York City Fire Department Certificate of Approval (#6080) for our complete AX Series product line.

This approval not only includes our standard AX-CTL Series products, but also includes all of our current command centers with/without audio evacuation and fire fighter telephone system support.

We understand the importance of this approval for our New York City customers, and will continually update this approval as new products and features become available.

Thank you and good selling.

Sincerely

A handwritten signature in cursive script that reads "Leigh C. Kaiser".
