

# AX Series

## THERMAL STRIP PRINTER (AX-012)

### Unique Features:

- ANSI/UL 864 9<sup>th</sup> Edition Listed
- Thermal Printing
- 3 Year Warranty
- Silent Operation
- Fast Instant Response
- Integral Battery Backup

### Description:

Available in two (2) configurations; AX-012 (Panel enclosure mount) and AX-012E (stand-alone cabinet mount) the thermal strip printers are ancillary peripherals for use with the AX Series range of intelligent fire alarm control panels.

The strip printers can be configured to provide automatic, or on demand printing of intelligent fire alarm control panel history event logs and system status events.

On networked systems, automatic printing of alarms and other events can be printed from anywhere on the network, unless the panel containing the strip printer is programmed not to show the specific network events.

The strip printers operate silently and fast, with integral battery backup to enable continuous, uninterrupted operation even during AC failures. Each provides 30 character width.

Spare rolls of thermal paper can easily be replaced due to the mechanisms easy access front-loading compartment.
